

US1 – Manage Layouts

As: Admin.

I want to: manage and arrange layout blocks in the store.

So that I can: control the structure of pages and ensure a consistent design.

US2 – Manage Banners

As: Admin.

I want to: add, edit, and update banners.

So that I can: display promotional content correctly and attractively on the store.

US3 – Edit Pages

As: Admin.

I want to: edit content pages like About Us and Contact Us.

So that I can: provide accurate information to customers and update content easily.

US4 – Update Store Logo

As: Admin.

I want to: update the store logo.

So that I can: maintain brand identity on the storefront.

US5 – Update Favicon

As: Admin.

I want to: upload a new favicon.

So that I can: improve website appearance in browser tabs.

US6 – Update Theme Settings

As: Admin.

I want to: change theme colors, fonts, and layout settings.

So that I can: ensure the store design matches the brand style consistently.

US7 – Check Page Design Consistency

As: Admin.

I want to: review all store pages.

So that I can: make sure the design is consistent across the website.

US8 – Verify Banners and Content Blocks

As: Admin.

I want to: confirm that banners and content blocks display correctly.

So that I can: ensure the store looks professional and all content is visible.

US9– Preview Changes Before Publishing

As: Admin.

I want to: preview layout, banner, and page changes before publishing.

So that I can: ensure all updates look correct and consistent before customers see them.

US10 – Confirm Responsive Design

As: Customer.

I want to: view the store on desktop, tablet, and mobile.

So that I can: navigate easily on any device without layout issues.

US11 – Test Language Switching

As: Customer.

I want to: switch the website language.

So that I can: read all content in my preferred language.

US12 – Test Currency Switching

As: Customer.

I want to: switch the store currency.

So that I can: see prices in my preferred currency for accurate purchasing.

US13 – Navigate Featured Content Easily

As: Customer.

I want to: easily navigate through featured products and banners on the store.

So that I can: find important promotions and highlighted content quickly.

US14 – Access Contact Information Quickly

As: Customer.

I want to: quickly access pages like Contact Us and About Us.

So that I can: get store information or support whenever I need it.

US15 – Read Content Clearly on All Devices

As: Customer.

I want to: read all textual content clearly on desktop, tablet, and mobile.

So that I can: understand product information, store policies, and updates without difficulty.
